

Fun Facts About 5th Grade

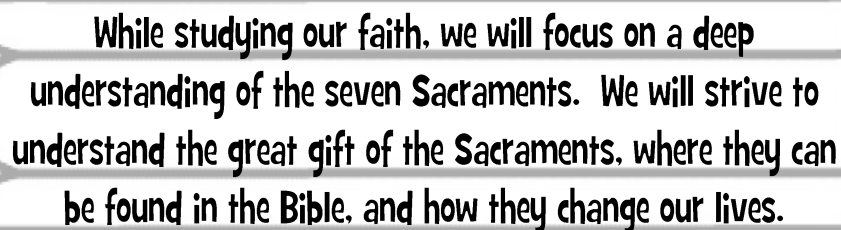

Our main 5th grade service project is an awesome program called KidKnits. You can read more about this organization at www.kidknits.org. We will also help with World Food Day and make projects to support the RCIA Candidates.

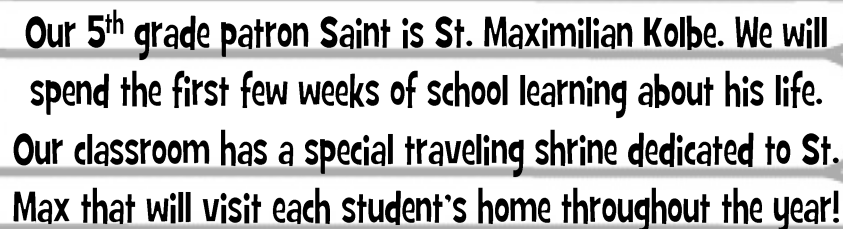

The best way to stay connected to our classroom is through the Google Classroom site and our weekly e-newsletter. Students will have access to info through Google Classroom, and Miss Bogner will send parents e-newsletters about upcoming events.

We will be learning so many new and wonderful things this year! For example, in Social Studies, we learn about the early history of America. In Math, we learn new things like long division, algebra, and operations with fractions.

While studying our faith, we will focus on a deep understanding of the seven Sacraments. We will strive to understand the great gift of the Sacraments, where they can be found in the Bible, and how they change our lives.

Our 5th grade patron Saint is St. Maximilian Kolbe. We will spend the first few weeks of school learning about his life. Our classroom has a special traveling shrine dedicated to St. Max that will visit each student's home throughout the year!

We are going to have a great year! Please don't hesitate to contact Miss Bogner if you have any questions.
